INDEPENDENT AUDITOR'S REPORT

Board of Directors
Breathe California Central Coast
Monterey, California

We have audited the accompanying statement of financial position of Breathe California Central Coast as of June 30, 2008, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended. The financial statements are the responsibility of the Breathe California Central Coast. Our responsibility is to express an opinion on the financial statements based on our audit. The prior year summarized comparative information has been derived from the Organization's June 30, 2007 financial statements and, in our report dated October 11, 2007, we expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Breathe California Central Coast as of June 30, 2008, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 27, 2008, on our consideration of Breathe California Central Coast's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Accounting Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying schedule of expenditures activities for selected projects is presented for purposes of additional analysis and is not a required part of the financial statements of Breathe California Central Coast. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

June 30, 2008

1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Nature of Activities – American Lung Association of the Central Coast, a nonprofit corporation, gave up its affiliation with the American Lung Association during the fiscal year ended June 30, 2006. Due to the disassociation with the American Lung Association, the Organization changed its name to Breathe California Central Coast. Its principal programs strive for the prevention, control and cure of lung disease through education of the public, advocacy of a healthy environment, and support groups for those with lung disease.

Basis of Accounting - The financial statements of the Organization have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other liabilities.

Comparative Financial Information - The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2007, from which the summarized information was derived.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Contributions - Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence or nature of any donor restrictions.

Donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished) temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions.

Expense Allocation - The costs of providing various programs and other activities have been summarized on a functional basis in the Statement of Activities and in the Statement of Functional Expenses. Directly identifiable expenses are charged to programs and supporting services. Expenses related to more than one function are charged to programs and supporting services on the basis of periodic time and expense studies. Management and general expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Organization.

Income Tax Status - The Organization qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and California Revenue and Taxation Code Section 23701(d) and therefore, has no provision for income taxes.

NOTES TO FINANCIAL STATEMENTS
(Continued)

June 30, 2008

1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Fixed Assets and Depreciation - Fixed assets are recorded at cost, if purchased. Donated fixed assets are recorded at fair market value at the date of donation. Depreciation is provided over the estimated useful lives of the assets using the straight-line method. Depreciation expense for the year ended June 30, 2008 was \$3,414.

Donated Services - No amounts have been reflected in the financial statements for donated services. The Organization generally pays for services requiring specific expertise. However, many individuals volunteer their time and perform a variety of tasks that assist the Organization with specific programs, local programs and committee assignments.

Accounts, Grants and Pledges Receivable - No allowance for uncollectible grants or pledges receivable has been made as management estimates that the write down, if any, is immaterial to the financial statements.

Concentration of Revenue and Credit Risk - During the fiscal year ended June 30, 2008, over 50% of the Organization's total revenue, gains and other support consisted of foundation, corporate, and government grants. Credit risk with respect to accounts receivable is considered low because a substantial portion of the receivables are due from foundations and government sources.

2. CASH FLOWS STATEMENT:

For purposes of reporting cash flows, cash includes cash and cash equivalents, consisting of cash in operating bank accounts, cash on hand and cash in certificates of deposits and money market accounts.

As of June 30, 2008, cash and cash equivalents included the following:

Cash	\$ 7,484
Money Market Accounts	<u>325,315</u>
	<u>\$ 332,799</u>

3. PROPERTY AND EQUIPMENT:

As of June 30, 2008, property and equipment were as follows:

	<u>Cost</u>	<u>Accumulated Depreciation</u>	<u>Net Book Value</u>
Data Processing Equipment	\$ 56,905	\$ 53,161	\$ 3,744
Property, Equipment & Leasehold Improvements	<u>59,210</u>	<u>46,966</u>	<u>12,244</u>
	<u>\$116,115</u>	<u>\$ 100,127</u>	<u>\$ 15,988</u>

NOTES TO FINANCIAL STATEMENTS
(Continued)

June 30, 2008

4. CONTINGENT LIABILITIES:

Grants, bequests and endowments require the fulfillment of certain conditions as set forth in the issuing instrument. Failure to fulfill the conditions or in the case of endowments, failure to continue to fulfill them, could result in the return of the funds to grantors. Although that is a possibility, the Board deems the contingency remote.

Breathe California Central Coast pays American Lung Association a portion of certain revenues under a revenue sharing agreement. Breathe California Central Cost recorded \$13,195 as an expense for the year ended June 30, 2008 under the terms of the agreement. Determination of what revenues are subject to that agreement is subject to interpretation and additional amounts could be due.

5. INTEREST IN MRS:

Through the end of 1997, the Organization participated with other lung associations in the Western Enhancement Services for Charitable Organizations (WESCO) for direct mail campaign services. Directors and shareholders (ALA associations) voted July 15, 1998 to merge WESCO with the ALA based direct mail services company, CADET, with 75% of associations voting in the affirmative. Organizational consolidation was completed December 31, 1998 and CADET members bought stock in WESCO January 1, 1999. Operational consolidation was completed December 31, 1999. The new company is known as Marketing Response Systems, or MRS.

The value of each association's investment in WESCO, less the value of fixed assets, was refunded to each association during fiscal years 1998-1999 and 1999-2000. The remaining value on the financial statements as of June 30, 2006 was written off as of June 30, 2007.

6. LEASE COMMITMENTS:

The Organization leases office space by an agreement that will expire on June 30, 2009. On an annual basis rent shall be increased by the cost of living index (not to exceed 3.7%). Rent expense as of June 30, 2008 was \$3,155 per month. Future payments are due as follows:

<u>Fiscal Year Ended</u>	<u>Amount</u>
June 30, 2009	\$ 37,860

As of June 30, 2008, the Organization has paid \$2,876 as a security deposit on the lease.

7. PREPAID EXPENSES:

Prepaid expenses consisted of the following items as of June 30, 2008:

Prepaid Insurance	\$ 4,882
Prepaid Rent	3,311
Prepaid Expenses	<u>1,215</u>
	<u>\$ 9,408</u>

NOTES TO FINANCIAL STATEMENTS
(Continued)

June 30, 2008

8. PENSION PLAN:

Defined Benefit Pension Plan:

Through June 30, 2006, the Organization maintained a Defined Benefit Plan for its employees through the national office of the American Lung Association. That plan is currently frozen and in process of termination. Participants were eligible to participate after one year of employment and are fully vested after five years of employment. As of June 30, 2008, the Organization has made payments to fully fund the Defined Benefit Plan.

Defined Contribution Pension Plan:

The Organization adopted a 403(b) plan which covers all eligible employees under which each participating employee establishes a tax-deferred account. The Organization may make discretionary contributions. For the year ended June 30, 2008, the Organization incurred a cost of \$3,300 for the defined contribution plan.

9. TEMPORARILY RESTRICTED NET ASSETS AND EXPENSES FUNDED BY RESTRICTED REVENUE:

Temporarily restricted net assets consisted of the following items of June 30, 2008:

Miscellaneous	\$ 13
California Wellness	129,366
Local Bequest, Restricted To Use in the Central Coast	<u>134,405</u>
Total	<u>\$ 263,784</u>

10. LINE OF CREDIT:

A line of credit agreement with Santa Barbara Bank & Trust and the Organization was negotiated effective October 2007, and will expire October 2008. The maximum amount of this line is \$35,000. Each fund advance must be requested and authorized individually by the Organization's Executive Director or Board representative.

11. FINANCIAL DIFFICULTIES:

Due to the economic climate subsequent to June 30, 2008, the Organization is experiencing a decline in private foundation and other donations that significantly impact the ability of the Organization to adequately fund future operations.

CERTIFIED PUBLIC ACCOUNTANTS AND BUSINESS ADVISORS

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
Breathe California Central Coast
Monterey, California

We have audited the financial statements of Breathe California Central Coast as of and for the year ended June 30, 2008, and have issued our report thereon dated October 27, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Breathe California Central Coast's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Breathe California Central Coast's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Breathe California Central Coast's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects Breathe California Central Coast's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of Breathe California Central Coast's financial statements that is more than inconsequential will not be prevented or detected by Breathe California Central Coast's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by Breathe California Central Coast's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Breathe California Central Coast's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Directors, management, others with the organization, federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
